Global Institute of Fire and Safety Management is a private Institute mainly known as “GIFSM” certified with ISO 9001:2015 and registered under Copyright and Trademark Act. GIFSM is member of National Safety Council India and Fire Protection Association of India. GIFSM is affiliated with Bharat Sevak Samaj (BSS) a National Development Agency, established in 1952 by Planning Commission (Govt. of India) and STED Council an Autonomous body and a National level organization since 2005 registered under Govt. of India. GIFSM has own private industry job oriented course for private industries that course is neither degree nor diploma. Training courses in Fire Engineering, Safety Management, Industrial Safety and Health, Environmental Engineering through its ATC/PCP Centre's all over in India, GIFSM is having highly qualified, experienced, dedicated Team of professional's faculty for training and education.

The mission of the Global Institute of Fire and Safety Management is to advance knowledge and educate students in the field of fire science, safety Engineering and other areas of Health Safety and Environmental Management that will best serve the nation and the world in the 21st century. We are also driven to bring knowledge to bear on the world's great fire, health, safety and Environmental challenges.

The Institute is an independent, coeducational, privately endowed Institution, organized into Full Time/Regular Courses, Executive Education/ Part Time Courses, Distance Education/Correspondences Courses and International Recognized Courses.

The earliest step was taken to set up technical institutions at Jajpur with best possible infrastructure. The success & reputation of both the technical institute & the dynamic leadership of the Director inspired & encouraged the management to think over to spread the activities of the organization in the field of higher education in Jajpur. Keeping in view the high social value, the organization has dedicated it's all efforts & achieved the target by getting permission to start one-year Full time course on Industrial safety under Bharat Sevak Samaj a National Development Agency, established in 1952 by Planning Commission, Govt. of India as well as STED Council an Autonomous body and a National level organization since 2005 registered under Govt. of India.

The vision of the management of the institute is not limited to 21st century only but beyond that. The taste, Preferences, Choice, way of living, culture & society in our country have continuously been changing rapidly since two decades. This changing socio cultural life has developed new set of demands in the market in regards to products & services. This in turn compelled our governments & private enterprisers to set up new industries & factories to cater the society & fulfill the demands in every aspect of the life of human being. It can be predicted that the levels of income & standard of life will keep on improving the years to come.

In view of the above we can simultaneously expect more hazards & risks in every step of our life, especially in industrial work life. As such the growing demand of developing safety awareness among people & engagement of more & more no of safety professionals will be increasing day by day in every constructions & process industries, in coming years. Even many service industries are also showing interest in appointing safety professionals for the safety of their men, machine, mechanics & building etc.

Therefore, the management look forward to increase it's infrastructures to enhance the intake capacity of safety students and to start new courses related to fire & environment protection specifically.

The Global Institute of Fire and Safety Management is actively engaged in the task of creating new vistas of Fire Health Safety and Environmental Engineering Technology philosophies and techniques, Sound and perfect footing in Fire Health Safety and Environmental Engineering fundamentals and ability to innovate and respond creatively to the new opportunities and challenges to cope with the ever-increasing diverse demands of professionally trained and competent human resources in Fire Health Safety and Environmental Field.

We at GIFSM aim in shaping dynamic and vibrant cadre of highly competent and committed professionals who have entrepreneurial ability transformation leadership, Sound analytical ability and rational and matured decision making power as well as the command over various other Engineer's/Managerial skill to survive the rigors of global competition and also to excel excellence.

GIFSM has a very enjoyable and family driven campus including excellent infrastructure facilities and very congenial and amicable atmosphere with focus of enhancing communication skills and strengthening desirable personality traits in the students. Thus it greatly helps them in fulfilling their long cherished dream of becoming a successful global Fire Health Safety Environmental Engineers and Managers.

I have great pleasure in inviting the energetic and budding young future Engineers & Researchers to join GIFSM who have a strong and burning desire to learn and imbibe various technical skills and serve the society and the Nation with Zeal and enthusiasm for its betterment. My best wishes to those young boys and girls who join the scholarly fraternity of GIFSM.

Future leaders should keep all those things in mind and not remain intellectually handicapped. GIFSM strives to educate its students keeping all these issues in mind so that sooner or later structured economic independence can be achieved through a coordinated effort.

Lohitendu Dhal
Chairman and Founder
GIFSM Group

To become one of the top management and technology institutions in the country having devoted to providing value-based and accessible educational services, with focus on corporate excellence. To be an international Centre of excellence in all aspects of management education through continuous competency building and innovation.

- To develop, both at individual and organizational levels innovative and ethical future leaders capable of managing change and transformation in a globally competitive environment and to advance the theory and practice of management.
- To use proven learning pedagogies for smooth transfer of knowledge.
- To promote Action-centric Research and value based Learning as per best Global Standards.
- To collaborate with Industry, Government and relevant Institutions in the development and application of new knowledge for the benefit of society.
- To be a Centre of excellence for value based management and information technology Education and research, through continuous learning, societal responsiveness and strategic partnerships.

We always strive to practice and also sustain the following values to prepare future thought leaders:

- ⊞ Academic Freedom
- ⊞ Passion for Excellence
- ⊞ High Ethical Standards
- ⊞ Responsiveness to Societal Needs
- ⊞ Innovation

LIBRARY

This Institute has its own full-fledged library consisting of textbooks, reference books, technical journals, Indian and Foreign Journals and periodicals on various subjects of Fire Safety Industrial Safety and Industrial Security, CD & Video Films on Fire Engineering. A spacious reading room for the students is also provided.

OCCUPATIONAL HEALTH & HYGIENE LAB. (DISSERTATION WORK)

Summer training is an integral part of the industrial safety programme. Under this student are made to undertake research activity on a particular topic in a particular organization and formulate a report on the basis of the same so as to gain experience to successfully handle safety related problems while occupying managerial position in future.

FACULTY

GIFSM has adequate numbers of highly qualified and trained faculties of national reputed and proven capabilities of high caliber in various disciplines like Fire Engg., Civil Engg. Industrial Safety, Mechanical Engg, Chemical, Electrical Engg, Doctors for Anatomy and First-Aid and Senior Defense personnel. The faculties keep themselves abreast of latest technological development in the country and abroad through participation in various activities like seminars, conferences, training programme, guest lecturers etc

SYSTEM LABORATORY

In the World of changing technology, no management education would be complete without basic computer education and training. Working computer knowledge is essential even for junior management professionals. Taking into consideration this important factor, the computer cell of the institute is equipped with adequate computer terminals having recently developed configuration. Students are likely to be immensely benefited out of it.

INDUSTRIAL VISIT

All trainees are being given exposure in Industrial area and City Fire Brigades.

PRACTICAL ATTACHMENT

Three or Four week's practical attachment is being given to the personnel in major cities or industries. The expenditure is the borne by the individual itself.

- ⊕ Having big network of 100+ Centre's across India.
- ⊕ Having spacious and ultra-modern Fire-Safety campus in Jajpur (Odisha).
- ⊕ 100% Placement Record.
- ⊕ Independent Placement Department.
- ⊕ 100% support for international Placement.
- ⊕ Tie-up more than 50 Companies for placement.
- ⊕ GIFSM is having dedicated training team of professionals comprising fire scientists / engineers and experts who boast of knowing Fire-Safety from "Womb to Tomb".
- ⊕ Internationally recognized certification.
- ⊕ National Certification in Modular Employee Skills.
- ⊕ Govt. recognized certification.
- ⊕ First-Aid certification.
- ⊕ Provide study materials.
- ⊕ Fire-Safety Video Classes.
- ⊕ Industrial Visits.
- ⊕ Attachment with local Fire Station and Industries for practical training.
- ⊕ Strong administrative polices and mechanisms.
- ⊕ Highly experienced and qualified faculty.

Trainers & Practical Instructors

GIFSM has in its panel of trainers, technical and management professionals who obtained sound technical base from professional institutions, then worked in green and brown fields in various capacities, and later shifted into OSHE fields to shoulder HSE responsibilities. Our trainers are drawn from applied multi - disciplinary sectors of industries who can tailor-out practical inputs to the participants. Effective methods of delivery are adopted by experienced trainers in the form of group-exercise, experience sharing, problem-solving on actual work situations and arriving at safe and satisfactory solutions of the industrial EHS problems / situations being faced.

Every Year - Two Batch

Sr. No.	Batch	Course	Theory Classes Duration	Examination	Result	Placement Opportunities
1	Batch - 1 st	For all Courses	1 st June to 31 st March	March / April	June	After Result
2	Batch - 2 nd	For All Courses	1 st January to 31 st August	August / September	November	After Result

Note -	50 Students in Every Batch
	Academic attendance (80 to 90 % Compulsory), Average internal test marks, Good behaviour and participation in every academic activity are mandatory for industrial training / Practical attachment or else placement assistance.
	Uniforms and study material provided by College.
	Outdoor activities will arrange as per academic schedule.

TRAINING METHODOLOGY

Fire and Industrial Safety is a subject which needs a thorough study along with a judicious mix of practical and on the field training. Fire and Industrial Safety Engineer is not born until he receives training which could bring the best out of him. The subject ranges from the study of designing as well as installing fire prevention systems, kinds of fire and prevention method, different engineering subjects related with industrial management and safety. Whatever may be the mode of training, it's always important to get trained under the experienced faculties with quest for success.

All activities of training are operate under experienced faculty and fire-safety officers. Physical drills including running practical, Warm-up Exercise, squad drill, rescue drill and fire drills at morning session, Lectures in morning and afternoon session. Practical and field training, internship at local fire stations and Industries. This curriculum is designed to provide the necessary knowledge and skills to begin work in many areas of the Fire Protection field and to help solve fire protection and related safety problems in our complex technical society.

The promptitude does ends here to add more practical and realistic knowledge to our students. we GIFSM arranges various Industrial Visits in well- known and acknowledgeable site such as power plants, construction sites, factories, industries, different departments, etc. every year. This helps students to get realistic knowledge and understand the various departments working; also the experience sharing of the responsible and senior most authorities of various companies. That we can implement the true words saying as "Naked eyes practical things never wash off from brain".

We Try to linked up to various different industrial sites and arrange this educational visits every year to acknowledge our students.

JOB OPPORTUNITIES

There is a vast opportunity of Fire and Safety professionals in each and every type of companies / industries in India as well as in Abroad. To meet with the requirement of fast growing demand of various sources, there are very limited institutions or coaching centers available. GIFSM has taken keen interest and steps to provide a better career opportunity in Fire and Safety Engineering and also GIFSM has the potential to change the professional

career in the field of Fire and Safety of a person within the year of enrolment into the course.

We have touched the sky by giving best opportunity of placement to our outgoing students offering various opportunities and feel very proud till date. We have placed more than 100 candidates in fire-safety field in renowned organizations in India and abroad as various positions like Fire officer, Safety officer, Health officer, Fire-Safety officer, Fireman, Safety officer etc.

HIGHEST PACKAGE IN ABROAD Rs. 25,00,000/- PA.

1000+ Students Earning Salary Rs. 18,00,000/- PA.

What GIFSM's Successful Candidate Says.....

My name is **Subhansu Samal**, I am working in **M/s. UPL Ltd.** Jharkhand as a Safety Engineer. Today where I am working is only due to the GIFSM Group. My sincere thanks to the entire member, faculty and trainer for their untiring effort. During the course the practical training has given me the best support to make my way towards proper direction. The theory and practical training, and other outstanding teaching for interview, English and personality development has enable us now to stand for the job. Again hearties thanks to **GIFSM, Jajpur.**

Sub: Ref. Associate/ATC Approval Letter > STED COUNCIL

Dear Mr. Lohitendu

We all welcome you and we are acknowledging that Board of Directors hereby sends the approval of your institution as our Authorised Training Centre here onwards.

We are grateful for your expression of interest and the desire to be a Proud Member of STED COUNCIL. We are pleased to honor you with the prestigious membership.

The council stays abreast with the update technologies and partner with the best in the industry to give quality education worldwide in global format.

Being a responsible & dedicated member you will be contributing values to the relationship and shall be submitting the related information to STED COUNCIL.

We are looking forward to a long and mutually valuable alliance.

Kind Regards,

Authority Signatory
